Status report 2026-11-05: heatpumps-christchurch.co.nz

Baseline: the old WordPress site, before the new site went live. Next month is measured against these figures.

Headline

Measure	Now	Means
Estimated visits a month from the tracked searches	507	Search volume x the share of clicks each position gets. One number that moves with every ranking.
Tracked searches on page one (top 10)	17 of 231	
Service searches on page one	2 of 77	The searches that bring jobs: repair, service, installation, cost.
Average position, service searches	85.3	Not ranking counts as 101. Lower is better.
Suburb pages on page one for their own search	9 of 82	
Brand search "heat pumps hq christchurch"	not in top 100	
In the Google map pack	0 searches	
Google AI Overviews citing the site	0	
Searches ranking on the wrong page	60	Google shows a different page from the one written for that search.

Search Console (2026-08-03 to 2026-11-02)
